

WILLIAM POOLE.

[To accompany bill H. R. No. 233.]

MARCH 5, 1840.

MR. PALEN, of New York, from the Committee on Invalid Pensions, made the following

REPORT:

The Committee on Invalid Pensions, to whom was referred the petition of William Poole, report:

The petition of William Poole represents that on the 9th of April, 1814, he enlisted in the army of the United States, in Captain Kendall's company of the 34th regiment, and was discharged as a corporal on the 31st July, 1815; that during said term of service he contracted disease in consequence of exposure to the night air and rain, which resulted in a paralytic affection of his left side. He enlisted at Wiscasset, Maine; marched to Portland, then to Burlington, then to Plattsburg, and thence to Chazey, at which place he was stationed five or six weeks.

While at Chazey, he states "he lay on the ground without barracks," and that his present disability has arisen from his exposure at the latter place.

An affidavit accompanying the petition states that Poole was in the army in 1814, was taken sick then, and has been disabled ever since.

A certificate of Robert R. Kendall (the captain referred to by Poole) is attached to the papers, and fully substantiates the allegations of Poole.

Two surgeons testify that he is disabled one-half.
